## ULTRA ABSORPTION

### SUBLINGUAL DELIVERY ADVANTAGES

#### Absorption Route

Bypasses the digestive system and liver metabolism, allowing for quicker absorption and higher bioavailability of nutrients.

#### Absorption Rate

Faster compared to oral ingestion, particularly advantageous for nutrients that are poorly absorbed or degraded in the digestive tract such as Vitamins B12 and C.

#### Bioavailability

Higher bioavailability compared to oral forms, particularly vitamins like B12 and certain minerals.

#### Convenience

Convenient for individuals who may have difficulty swallowing pills or who prefer quick and easy administration.
